Narrow XOs

Dear Valued Customer,

Empire Pacific Windows would like to announce that we are now producing narrow XO windows. These windows have been in high demand in the Southern California market. EPW never produced these windows previously because of a basic problem of window tipping when it was slid. We have now found a solution to this issue.

Please see the sizes below.

Series	Size
4200	
	2036
	2040
	2046
	2050
	3060
5200	
	2036
	2040
	2046
	2050
	3060

*Double locks not available
on vent heights over 52"

Please use the E.P. WinBid system for the most up to date information and pricing.

On behalf of the entire team at Empire Pacific Windows we thank you and your company. We look forward to serving you and your customers for many years to come.

Sincerely,

Colin Lymer
