Lift Rail Screen

Dear Valued Customer,

Empire Pacific Windows would like to announce that we are offering Lift Rail Screens. These screens make it easier for the consumer to remove and install their screens.

The Product Features

- **Full rail along the bottom of the screen for easier screen installation and removal**
- **Roll formed steel rail for a sturdier screen frame**
- **Color Matched and can be painted to match exterior paint color.**
- **Available with Grey and Charcoal screen mesh**
- **Rail is on the bottom on vertical operating windows and on the outside jamb(s) on horizontal sliding windows**
- **Only available on whole orders not available per line**

Please use the E.P. WinBid system for the most up to date information and pricing.

On behalf of the entire team at Empire Pacific Windows we thank you and your company for your continued sales. We look forward to serving you and your customers for many years to come.

Sincerely,

**Colin Lymer
